# Beef Up Your Backups With Deduplication

[RSVP today](#) to join Convergence Technology and ExaGrid, along with your fellow IT peers for a lunch seminar on Wednesday, February 24th at 11:30 a.m. at Fleming's Steakhouse in Raleigh, NC.

Don't miss your chance to enjoy a great lunch with other IT professionals as you learn how virtualization and deduplication can change the way you back up your data forever.

## Why attend?

Discover why disk backup with data deduplication is the key to protecting your virtual environment and achieving significant cost savings.

Learn how to:

-  Create the fastest backups for your virtual environment, both locally and at second sites;
-  Achieve better storage utilization and scalability;
-  Automate the management of complex virtual environments;
-  Speed recovery of virtual machines with instant restore capabilities;
-  Tailor existing IT solutions to meet your specific VMware backup requirements;

Space is limited so reserve your seat today.
